

POWERING PRECISION.
ELEVATING TRUST

WE BUILD YOUR FUTURE

SM CRANES & EQUIPS

Our Products

- SGEOT & DGEOT Crane
- Modular Hoist & Crab
- Goliath & Semi Goliath Crane
- Under Slung
- Jib Crane, Monorail & KBK

About us

About SM Cranes and Equipments – Leading Manufacturer of Material Handling Equipment in India
SM Cranes and Equipments is a trusted name in India's industrial engineering sector, delivering world-class material handling systems, industrial cranes, and dust pollution control equipment. We design, manufacture, and export turnkey solutions built to international safety and efficiency standards.

With over 25 years of expertise, our innovative systems serve critical sectors like cement, mining, steel, infrastructure, and thermal power. We provide customized bulk material conveyors, lifting automation systems, and robotic handling technology to optimize production, safety, and compliance.

Whether it's automated overhead cranes, rugged chain conveyors, or AI-powered robotic arms, our precision-engineered equipment drives operational excellence. Clients worldwide trust us for scalable, energy-efficient, and environment-friendly industrial automation.

Our Mission

To exceed our customers' expectations in quality, delivery, and cost through continuous improvement and close collaboration.

Company Profile

SM Cranes and Equipments is a premier manufacturer, exporter, and service provider specializing in: We combine engineering expertise with scalable service to deliver high-quality industrial solutions across India and global markets.

Bulk Material Handling Systems

Heavy-Duty Lifting Equipment

Air Pollution Control Systems

Industrial Plant Installations

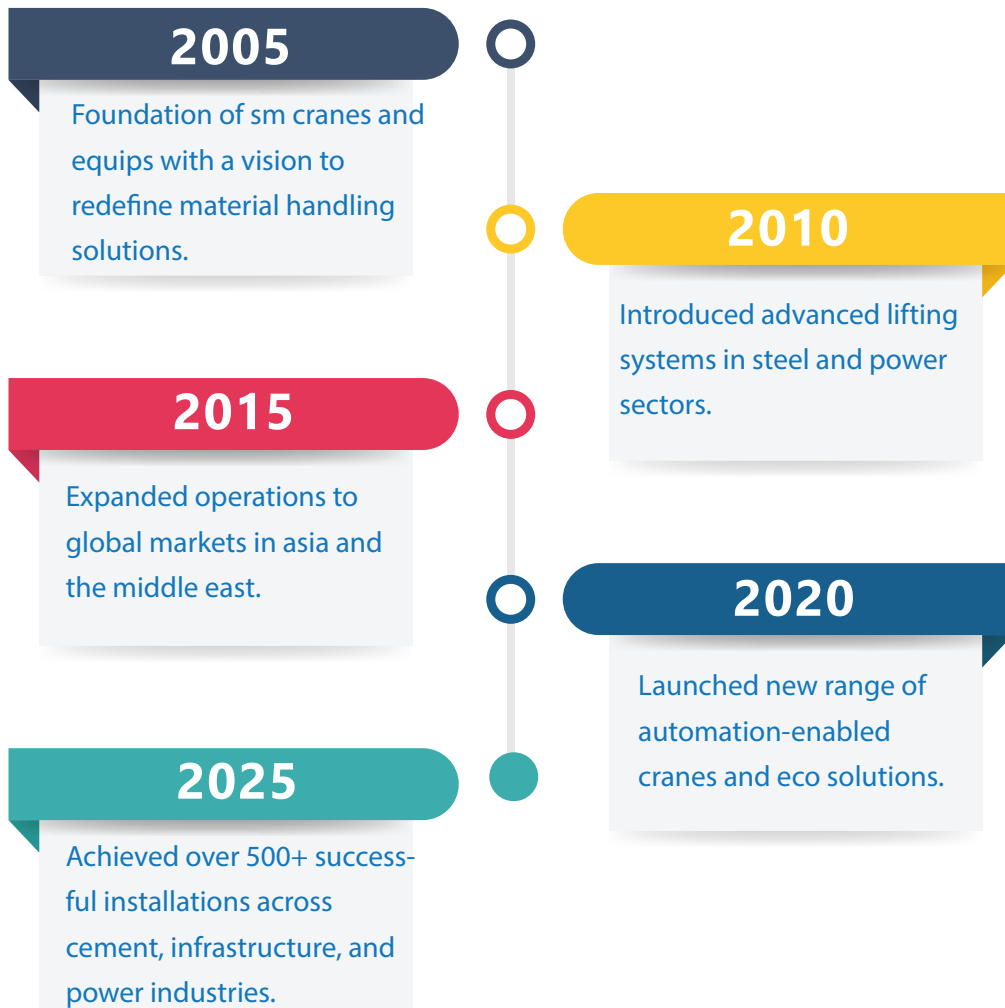

Heat-Resistant Foundry Equipment

Pre-Engineered Building Structures

Laser Cutting & Precision Machined Components

Our Milestones

Our journey of innovation, growth, and excellence.

SGEOT CRANE

SINGLE GIRDER EOT CRANE WITH MODULAR HOIST

- Compact & Power Saving Design
- Maintenance Free, Light In Weight
- Smoothened Jerk Less Operations Through Vfd, Limit Switches
- Modular Design With German Motors

SPECIFICATION :

Cap: 500 Kg-15t
Span: 5 Mtr - 30 Mtr
Lift: 3 Mtr-50 Mtr
Location:indoor/outdoor

Ambient Temp: Upto 50
Crane Control: Pendent
Power Source: Dsl

DGEOT CRANE

DOUBLE GIRDER EOT CRANE WITH CONVECTIONAL CRAB

- Covectional Design & Power Saving Design
- Maintenance Platform, Lower End Clearence
- Smoothened Jerk Less Operations Through Vfd
- Flexible Connections In Drum & Gear Box
- Hardened & Ground Gearbox, Oil Lubricated

SPECIFICATION :

Cap: 3 T-100t
Span: 5 Mtr 60 Mtr
Lift: 3 Mtr-50 Mtr
Location: Indoor/outdoor

Ambient Temp: Upto 50
Cranecontrol: Pendent & Rrc
Powersource: Dsl

DGEOT CRANE

DOUBLE GIRDER EOT CRANE WITH MODULAR CRAB

- Modular Design & Power Saving Design
- Maintenance Free, Light In Weight
- Smoothened Jerk Less Operations Through Vfd, Limit Switches Used
- Modular Design With German Motors

MONORAIL

- Suitable For Low Headroom
- Maintenance Free, Light In Weight
- Smoothened Jerk Less Operations Through Vfd, Limit Switches
- Indef Hoist German Standard

SPECIFICATION :

CAP: 500 kg – 5T
SPAN: 3 Mtr – 30 Mtr
LIFT: 3 MTR- 20 MTR

LOCATION:INDOOR/OUTDOOR
AMBIENT TEMP: UPTO 50
CRANE CONTROL: PENDENT
CAP: 250

KBK RAIL

LIGHT CRANE SYSTEM

- Suitable For Low Headroom
- Maintenance Free, Light In Weight
- Smoothened Jerk Less Operations Through Vfd, Limit Switches
- Indef Hoist German Standard

SPECIFICATION :

CAP: 100 kg – 1 T
SPAN: 4 Mtr – 6 Mtr
LIFT: 3 MTR- 6 MTR

LOCATION:INDOOR/OUTDOOR
AMBIENT TEMP: UPTO 50
CRANE CONTROL: PENDENT

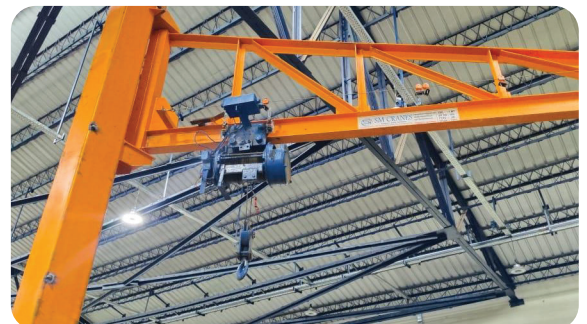

JIB CRANE

FABRICATED COLUMN MOUNTED

- Economic Cost
- Maintenance Free, Light In Weight
- Smoothened Jerk Less Operations Through Vfd, Limit Switches
- Indef Hoist German Standard

SPECIFICATION :

CAP: 250 kg – 3 T
ARM: 3 Mtr – 6 Mtr
LIFT: 2 MTR- 6 MTR
LOCATION:INDOOR/OUTDOOR

AMBIENT TEMP: UPTO 50
CRANE CONTROL: PENDENT
ROTATION : 180 MANUAL

SEMI GOLIATH CRANE

- Convolutional Design & Power Saving Design
- Maintenance Platform, Monkey Ladder, Lower End Clearance
- Smoothened Jerk Less Operations Through Vfd, Limit Switches
- Flexible Connections In Drum & Gear Box
- Hardened & Ground Gearbox , Oil Lubricated, Canopy Available

SPECIFICATION :

Cap: 3 T - 100t
Span : 5 Mtr - 60 Mtr Lift: 3 Mtr- 50 Mtr
Location: Indoor/outdoor
Ambient Temp: Upto 50

Crane Control : Pendant & Rrc Power
Source : Cable Railing
Drum&dsl

GOLIATH CRANE

- Convolutional Design & Power Saving Design
- Maintenance Platform, Monkey Ladder, Lower End Clearance
- Smoothened Jerk Less Operations Through Vfd, Limit Switches
- Flexible Connections In Drum & Gear Box
- Hardened & Ground Gearbox , Oil Lubricated, Canopy Available

SPECIFICATION :

Cap: 3 T - 100t
Span : 5 Mtr - 60 Mtr
Lift: 3 Mtr- 50 Mtr
Location: Indoor/outdoor

Ambient Temp: Upto 50
Crane Control : Pendant & Rrc
Power Source : Cable Railing
Drum&dsl

UNDERSLUNG CRANE

SINGAL GIRDER & DOUBLE GIRDER UNDERSLUNG CRANE

- Modular Design & Power Saving Design
- Maintenance Free, Light In Weight
- Smoothened Jerk Less Operations Through Vfd, limit Switches Used
- Modular Design With German Motors

SPECIFICATION :

Cap: 0 . 5 T - 20t
Span : 3 Mtr - 30mtr
Lift: 3 Mtr- 50 Mtr
Location: Indoor/outdoor

Ambient Temp: Upto 50
Cranecontrol : Pendant & Rrc
Powersource : Dsl

JIB CRANE

PILLAR MOUNTED

- Economic Cost
- Maintenance Free, Light In Weight
- Smoothened Jerk Less Operations Through Vfd, Limit Switches
- Indef Hoist German Standard

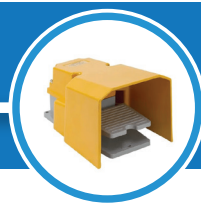

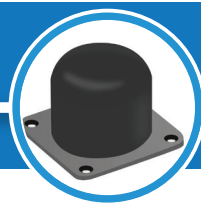

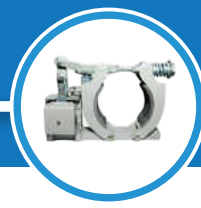

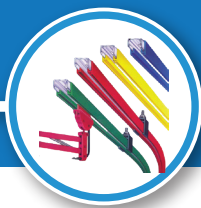

SPECIFICATION :

Cap: 250 Kg – 10t
Arm: 2 Mtr – 7 Mtr
Lift: 2 Mtr- 6 Mtr
Location: Indoor/Outdoor Ambient

Temp: Upto 50
Cra N E Co N Tro L: P En D En T
Ro Ta Tio N : 360 M O To Rized
